FACULTY DEVELOPMENT PROGRAMME ON SUPPLY CHAIN AND LOGISTICS MANAGEMENT

(Sponsored by TEQIP II)

December 03 - 05, 2019

Organized by

Department of Mechanical Engineering
College of Engineering Perumon
(Under CAPE, Government of Kerala)
Perinad P. O., Kollam, Kerala - 691601

ABOUT THE PROGRAMME

A supply chain consists of all facilities, functions, and activities involved in fulfilling a customer request. The functions of supply chain include new product development, operations, finance, marketing, distribution, and customer service. In fact, the primary purpose of any supply chain is to satisfy customer needs and, in the process, generate profit for itself. Some of the challenges included in the supply chain are lowering costs, ensuring just-in-time delivery, and shrinking transportation times. Nowadays, the increasing environmental concerns and growing consumer pressure for eco-friendly products has led many organizations to look at sustainability as a new measure of profitable supply chain and logistics management.

The orientation of this faculty development programme is towards applied, computationally intensive research. The programme seeks to address important concepts in supply chain and logistics management and to improve the research aptitude among the participants by introducing popular research theme.

TOPICS

- Supply chain and logistics
 - Green supply chain and reverse logistics
 - Supply chain optimization
 - Tools for modeling and analysis
 - Methodologies for SCLM research

ABOUT THE INSTITUTE

College of Engineering Perumon was established in the year 2000 under the Co-operative Academy of Professional Education (CAPE), Govt. of Kerala. The college has registered speedy progress since then and it offers five undergraduate programmes (ME, EEE, ECE, CSE, and IT) and a postgraduate programme (CSE) in affiliation with APJ Abdul Kalam Technological University (KTU). The college has attained ISO 9001:2015 certification and two undergraduate programmes (EEE and ECE) got accredited by NBA. The college has a distinctive academic stature in the arena of engineering institutions in the state.

ABOUT THE DEPARTMENT

The Department of Mechanical Engineering was established in the year 2011 offering B.Tech programme in Mechanical Engineering. Highly qualified and experienced faculty and well equipped laboratories have helped to mould engineering graduates of high caliber who excel in academics and industry.

RESOURCE PERSONS

Faculty will be drawn from IIST, CUSAT, MACE, CEP and other reputed institutions.

INTENDED AUDIENCE

This course is intended for faculty members of engineering & polytechnic colleges.
